

Dazzle Plus Floor Cleaner

Dazzle Plus is a non-alkaline, non-acidic, neutral pH concentrated floor cleaner. Dazzle Plus cleans floors without leaving a dulling film, so no rinsing is required. Dazzle Plus contains optical brighteners and polymers to enhance shine. Dazzle Plus is designed for use in daily mopping and in scrubbing programs. By preserving finishes on hard surfaces and resilient floors, Dazzle+ extends time needed between recoating.

DIRECTIONS FOR USE

- Mix Dazzle with hot water
- Mop or scrub on floors
- Allow floors to air dry
