

Features & Benefits

Surge Powder Laundry Detergent

- Fast Dissolving
- Concentrated Soil Suspension Agents
- Two Brighteners
- Odorless
- Contains Water Conditioners
- Contains High Penetration Cleaning Agents
- Biodegradable
- Made in the USA

Surge Powder laundry detergent is a strong synthetic laundering product designed for heavy concentrations of grease and dirt. Surge Powder quickly washes out safely without damage to fabrics. Surge Powder is safe for all washable fabrics, including industrial garments, shop clothes, restaurant and kitchen towels and for removing any heavy black grease. Use in hard or soft water. Suitable for homestyle, HE high efficiency and commercial laundry machines. For very hard water or very soiled conditions add additional Surge Powder. Optimal wash temperature range is 120-130 degrees.

DIRECTIONS FOR USE

- Fill wash drum with dirty laundry
- Sprinkle Surge Powder evenly throughout machine
