

## Aluma Brite

### *Features & Benefits*

- Acidic Cleaner
- Heavy Duty Degreaser
- Designed for heavy Duty Equipment
- Safe on Most Surfaces
- Made in the USA

Aluma Brite contains a proprietary blend of acids, alcohol and wetting agents that make it highly effective in removing aluminum oxide, grease, oils, road films and diesel smoke. Multiple dilution options make this product economical to use.

#### **DIRECTIONS FOR USE**

- Do not use this product on anodized or mirror polished aluminum
- Apply from bottom to top
- Do not allow to dry
- Best used when applied by low pressure spray or bucket and brush
- Dampen aluminum, let dwell as long as possible without drying. Reapply while still wet if more dwell time is required. Rinse with pressure to remove loosened soil. Rinse thoroughly to remove residual acidity.

#### **USAGE RATIOS**

**Heavy** 3:1 to 10:1

**Medium** 10:1 to 20:1

**Light** 20:1 to 30:1

#### **PACK SIZE & ITEM NUMBER**

4-1 gal 1058404

5 gal 1058405

55 gal 1058455
