

Scale Away Delimer

Scale Away is a concentrated heavy duty liquid acid cleaner designed for the safe washing and flushing away of scale, mineral and lime deposits from all types of metal equipment such as ice makers and dishwashers. Scale Away also removes film and brightens aluminum utensils, steam kettles, coffee urns, steam tables and stainless steel.

DIRECTIONS FOR USE

- Wear personal protective equipment
- Pour Scale Away into water filled tank, free of any chlorine
- Let machine run for 10 to 15 minutes
- Rinse twice thoroughly before adding chemicals

PRODUCT RATIOS

Based on degree of mineral buildup, use $\frac{1}{4}$ - $\frac{1}{2}$ gallon of Scale Away to 2 gallons of water. Heavier concentrations may require more product and longer soak times before flushing.

PACK SIZE & ITEM NUMBER

6-32 oz	1017036
2-1 gal	1017002

Features & Benefits

- Low Foaming
- Non-ionic
- Super Concentrated for Fast, Effective Results
- Safe on all Types of Metals
- Removes Lime
- Removes Iron
