

Prestige Aluminum Safe Dishmachine Detergent

Features & Benefits

- Soil Suspension Formulations
- Alkaline Based
- Safe on Aluminum
- Effective Pre-Rinse Sheeting Action
- Interchangeable with Hi Temp & Low Temp Machines
- Economical
- Made in the USA

Ultra concentrated, aluminum safe. Detergent is formulated for high and low temp dishmachines. Prestige Aluminum Safe Detergent suspends soils to remove tough starch, grease and proteins. Suspension activity prepares washed wares to receive excellent rinsing and sheeting, leaving wares clean and spot free. Delivers great results in soft to moderately hard water.

DIRECTIONS FOR USE

- Place pickup probe in jugs or pails for touchless dispensing
- Dispense in glasswashers or commercial dishmachines with pickup probes or through an automated controller
- PPE recommended while handling product
